

## SHARE YOUR HOME, CHANGE THE WORLD

Youth for Understanding USA is looking for some local host families to host high school exchange students for the next school year. Host families provide a place to live and three meals a day plus the encouragement, advice and love to help their new family member through a semester or year in a new home. The students bring their own spending money and health insurance plus the willingness to be a good family member, follow family rules and help out with family responsibilities. YFU local representatives support the students and families to make sure it's a good experience for all involved. All kinds of families host, with and without children of all ages.

Hosting is a rewarding experience that creates lifelong connections. Hosting is real life- It's cooking dinner together, raking leaves on Saturday morning, school activities and homework, holiday preparations, some rainy afternoons, days together of work, school, chores, family life, worship... Seen through the fresh eyes of someone new, it all takes on a new significance. Local volunteer area reps work closely with the kids and families on an ongoing basis toward making it a positive experience for all involved.

Please get in touch with us, if you would like to see if hosting (or sending a student on exchange) might be right for your family.
